hello -- i understand that you are interested in organizing an august tour of several north jersey superfund sites, focusing on the senator's superfund legacy -- so obviously we'd visit sites that would be considered success stories and also where we could perhaps announce something -- please let me know what other parameters you have and i'll start looking into this -- thanks.

If it's not too late, I'd be interested in joining this tour.

Thanks!

hi all -- please see below and let me know if you'd like to join david and the CAG on this tour -- fyi, no senior EPA officials will be present, and this is not a media event.

thanks,

#### CAG Members:

Here's a run down for the tour. If you have not already done so, please RSVP to me soon. Call or send me an email if you have any questions.

Wednesday, May 16 @ 3:00 PM: Gather at the sediment processing facility located at 117 Blanchard Street, Newark, NJ

- EPA will provide an overview of dredging and processing operations in an on-site trailer with maps and photographs.
- View the operations safely from the parking lot

Next stop: 80 & 120 Lister Avenue, Newark, NJ

- Drive less than a half mile to the Diamond Alkali Superfund site
- View dredging and screening operations from the top of the Diamond Alkali site.

Clothing: Dress comfortably. Wear appropriate shoes. You will be walking on large gravel areas.

Photos/Video Allowed
